INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories, presents to subscribers and the general public, this, the latest edition of the Fayetteville City Directory. (In all, HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,300 city and suburban Directories).

Confidence in the growth of Fayetteville's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Fayetteville to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Fayetteville City Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings-a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Fayetteville, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents, business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation, and address of each adult resident of Fayetteville, and the name, official personnel, nature, and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residents and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner-occupation homes, the listing of telephone numbers, new householder symbols and Zip Codes.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Municipal Publicity

The City Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Fayetteville.

The Fayetteville Out-of-Town City Directory Library

Through the courtesy of the publishers of the Fayetteville City Directory, a Directory Library is maintained in the offices of the Fayetteville Area Chamber of Commerce, for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition by those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Out of Sight--Out of Mind
Out of Business

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

*

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

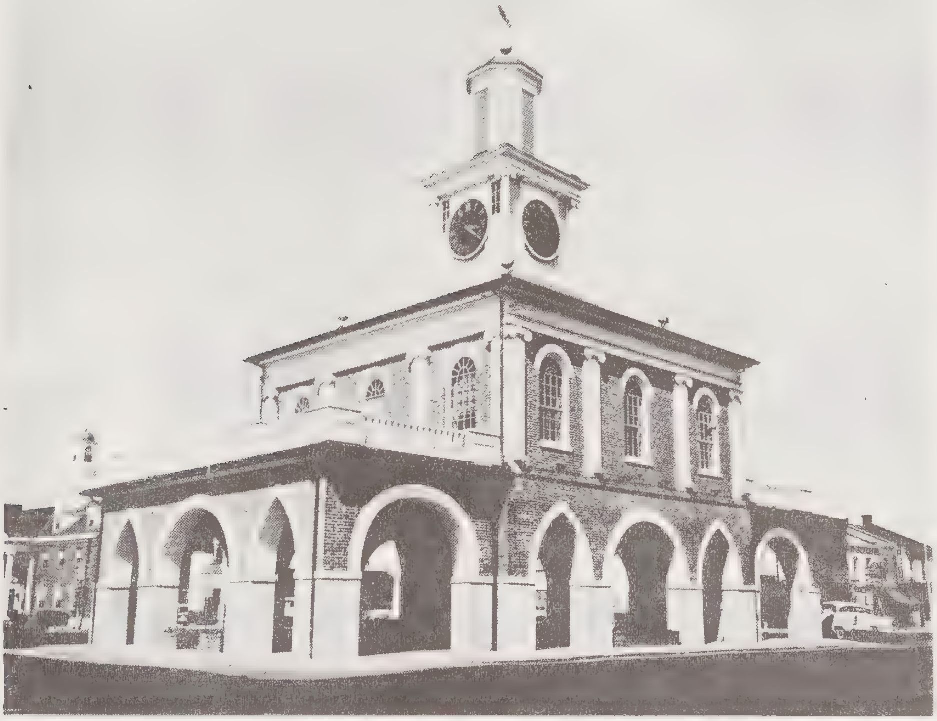
FAYETTEVILLE, NORTH CAROLINA
CITY OF
HISTORICAL HERITAGE



"THE MARKET HOUSE"

The Market House was built in 1838 on the site of an earlier building, the State House, which was destroyed by fire in 1831. In 1789, the Market House housed the North Carolina Constitutional Convention at which the Constitution was ratified in the State of North Carolina. Meetings of the General Assembly were held there in 1789, 1790 and 1793. The oldest State University, the University of North Carolina, was charted in the State House.

Located in downtown Fayetteville and shaded by great magnolia trees, the Kyle House is an elegant town house of Italianate and Greek Revivial design. The house was built by James Kyle, a prosperous Scottish merchant, around 1838 on the site of the Fayetteville Academy. The offices of the Mayor and the City Manager are presently located in the Kyle House.

Its principal competitive markets being sixty miles distant or more, this pattern should continue indefinitely.

In addition to its original downtown shopping complex, like most every population center in the country, Fayetteville has numerous urban shopping centers that continue to expand.

Some of the shopping centers in the Fayetteville Area are: Tallywood Shopping Center and Eutaw Shopping Complex.

Fayetteville Technical Institute, a two-year institution, serves 5,386 (combined day and evening students for fall quarter 1980-81), and 22,500 in Adult Continuing Education Program (for fall quarter 1979-80). FTI has a faculty of 163 full-time instructors and 75 part-time instructors.

Rutledge College of Fayetteville serves over 700 students and has a faculty of 30.

Numerous other schools offering two and four-year courses, plus graduate work, are within easy commuting distances of Fayetteville, to fill any special needs and requirements.

HIGHER EDUCATION-Fayetteville State University (founded in 1877) has a faculty of 147 and 2,310 students, and is a fully accredited four-year school that has expanded rapidly in recent years. It operates a branch for Fort Bragg and Pope Air Force Base personnel on Fort Bragg in conjunction with North Carolina State University. (Student figure for main campus only.)

Methodist College is a fully accredited four-year liberal arts school (founded in 1960); has a student body of 715 served by a faculty of 53.

HEALTH FACILITIES-Cape Fear Valley with 530 beds and Highsmith-Rainey with 95 beds are operated by the Cumberland County Hospital Authority. These are supplemented by 392 in the U. S. Veterans Administration Hospital and 325 in Womack Army Hospital on Fort Bragg. In addition to those listed, Fayetteville has 19 nursing and/or rest homes.

Cross Creek Mall

TOURIST AND TRAVEL-Being situated midway between New York and Florida on Interstate 95, supplemented by U. S. 13, 301 and 401; N. C. 24, 53, 59, 87 and 210, the area presently supports 3,000 motel rooms. These have, of course, attracted regional and statewide meetings and conventions of all sizes and types to both the motels and the Cumberland County Memorial Auditorium and Exhibit Hall complex. The latter also serves as an entertainment center for the area throughout the year with its 2,439-seat auditorium and the exhibit hall with its 7,000 arena seating on 40,000 square feet of exhibit space, both of which are completely air conditioned.

St. John's Episcopal Church, 302 Green Street, has an interesting history dating back to its founding in the first part of the 19th century.

For a while, the land on which St. John's now sits was owned by the Roman Catholics, but it was acquired and used for the First Presbyterian Church in the early 1800's. The Presbyterians decided to move to a more spacious site, and the land and the original building were purchased by the newly-formed congregation of Episcopalians in the spring of 1817. St. John's Church has continued on its original site to the present time.

TRANSPORTATION-Air-Barge-Bus-Rail-Truck. Few areas in the country are served by all these phases of transportation. Being situated geographically as it is, Fayetteville enjoys all of these.

With a constantly expanding modern airport, capable of accommodating most all equipment in use today, Fayetteville becomes more a center of transportation and distribution for southeastern North Carolina and portions of nearby South Carolina.

Water-borne petroleum and liquid fertilizer that move inland ninety miles up the Cape Fear River are competitive into South Carolina and points in Virginia.

Being situated on the main line of the Seaboard Coast Line Railroad naturally provides splendid rail service both north and south.

PARKS AND RECREATION-City of Fayetteville maintains 46 parks with areas totaling 350 acres under the direction and supervision of a full-time parks and recreation director, with a year 'round program of activities.

Fourteen miles downstream on the Cape Fear River, on N.C. 87, the U.S. Corps of Engineers maintains a beautiful park adjacent to the William O. Huske lock.

CHURCHES-There are some 300 or more churches in the area, representing most all faiths.

MORE FACTS AT YOUR FINGERTIPS

Four major directories in one volume:

1 The City Directory is the only record in existence that aims to identify every adult resident in your community with sufficient other information enabling you to select and contact your best prospects for sales and service.

2 The City Directory's Street Directory is again the only "complete" Street Directory of all streets and residences in your community and, therefore, is the only sure way to identify everyone in a given area or on a given street.

3 The City Directory is unequaled when used for verification of information by your sales, service and office personnel and is considered a virtual necessity by most business and professional firms.

4 The City Directory pays back its cost many times over when used intelligently in the daily conduct of business by those in your firm who come in contact with your customers and prospects or have anything to do with processing information about them.

PLEASE! Do Not Lend Your CITY DIRECTORY

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

**Don't talk to a corporation.
Talk to a person.**

Think about it. GFC Corporation has built its reputation on a people-to-people philosophy. We call it Friendly Bob Adams Service.

It's an attitude we apply to each person we help . . . whether it be a corporate executive needing temporary assistance, the head of a household wanting to have some of the nicer things now or anyone wishing to consolidate existing obligations.

It's an attitude that enables us to know the feeling of being caught short . . . the frustration of a rainy day that puts a big dent in the budget. It enables us to know how to help.

We offer this help in amounts up to $3,000 beginning with a telephone call. Phone today. A person will answer.

CASHIERS! TELLERS!

CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight • Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***
